

Our Client:

We work alongside a team of trained professionals who are adept in their particular fields of work. Our various departments house professionals that work round the clock to ensure continued productivity along with absolute customer satisfaction.

To boost the popularity, Laxmi Plastic Fabricators engaged with Web Complete Solutions to develop a great user experience and improve traffic and sales from search engines.

Challenges

- ➔ To rank overall keywords
- ➔ To create and maintain an online presence
- ➔ To increase the traffic & conversions

To overcome these challenges was a difficult task; still we set a benchmark in the market, by setting up a unique strategy that helped us to beat all the obstacles and to increase the growth of business.

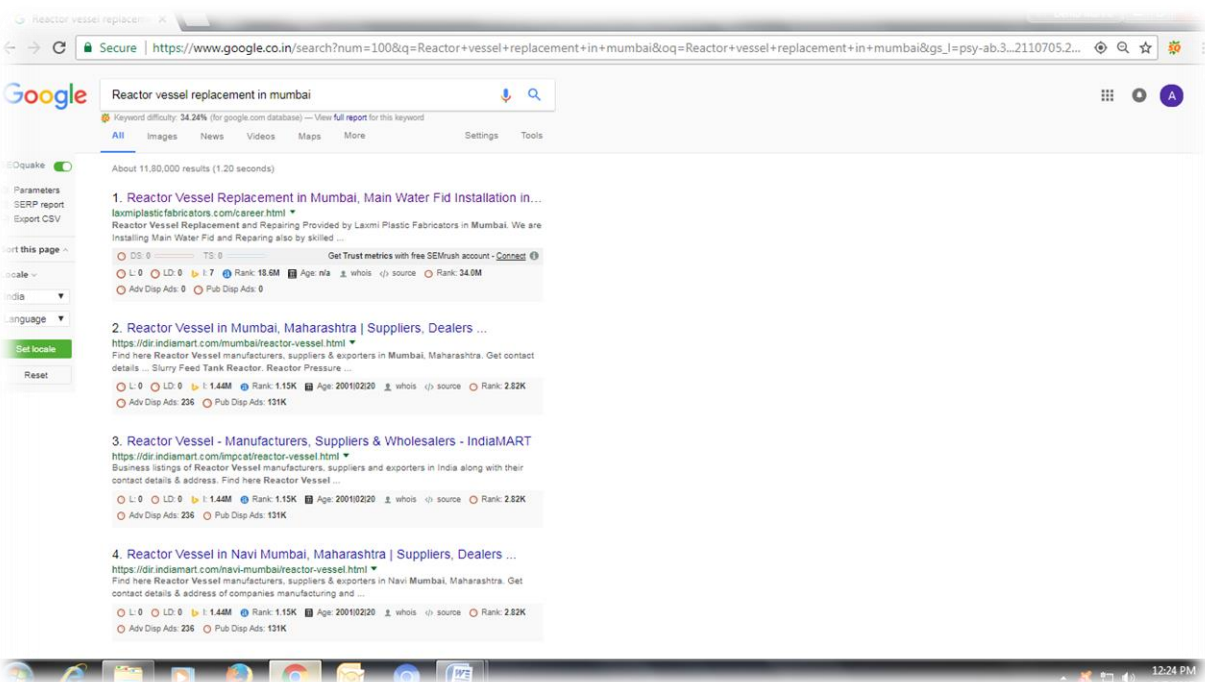

Efforts

- ✓ For keyword ranking, we took the help of keyword planner tool and selected long tail keywords. Interlinking in the content helped us to rank our targeted keywords.
- ✓ Provided in-depth keyword & location analysis, marketing plans that include social media integration and overall company perspective.
- ✓ PPT submissions helped us to rank the broad keywords
- ✓ By targeting the keywords on specific url, we managed to achieve the rankings
- ✓ Review submission was one of the best factors that enhanced the branding of website
